### Governor Strickland Signs Senate Bill 117

Yesterday Governor Ted Strickland signed Senate Bill 117, which will allow the director of the Ohio Department of Commerce authority to issue statewide franchises for video service that is provided over cables or wires.

Strickland said "I believe that the establishment of a statewide franchise for video-service providers will not only bring additional investment to our state, but also result in lower costs and more choices for consumers in Ohio."

**We would like to thank everyone who called and/or e-mailed your state legislator asking for their support. Without your help this bill may not have passed. Keep up the good work and watch for our next important campaign.**
